

Government Decree No. 17-45-26/2026

**on Amendments to Government Decree 18 March on the
Status of Servicemen**

The Government of Hungary,
acting on the basis of Article 15(1) of the Fundamental Law,
having considered the proposal of the Minister of Defence,

decrees the following:

Section 1

In the text of Government Decree on the Status of Servicemen, the following amendments shall
be made:

In **Section 3(1)**, the wording

“katonai szolgálatot teljesítő személy”

is amended to read:

“katonai szolgálatot teljesítő személy, ideértve a honvéd katonát is”.

This change is purely clarificatory and does not alter any rights, obligations, or practical
conditions of service; it only permits the use of the term “honvéd katona” together with the
existing legal formulation in internal administrative and personnel documents.

Section 2

In the text of Government Decree, the following amendment is introduced to Section 7 on
leave-related procedures:

Paragraph (2) of Section 7 is supplemented with the following sentence:

“A szabadság igénylésének formájában, az osztagparancsnok és a szolgálatot teljesítő személy közös megállapodása esetén, a szabadság fél napos egységekben is igényelhető.”

The amendment only clarifies that annual leave may be requested in half-day units if mutually agreed by the unit commander and the serviceman. Existing rules on leave entitlements, calculation, and approval procedures remain unchanged.

Section 3

This Decree shall enter into force on the day following its promulgation.

The Minister of Defence shall be responsible for the publication of this Decree and for the implementation of the amendments provided in Sections 1 and 2 within the internal regulations and administrative practices of the Hungarian Defence Forces.

Done in Budapest, on 18 March 2026.

The Prime Minister

Viktor Orbán
